Transform office productivity
in an innovative printing solution

Outstanding Achievement in Innovation : Samsung Easy Eco Driver

Improve productivity with superior functionality

High-speed printing

- Fast print speed of up to 40 ppm (pages per minute), equipped with 1GHz Dual core processor and 1GB memory.

Higher-quality print output

- Rendering Engine for Clean Page technology for sharp text and clear images.
- 1200 × 1200 effective dpi resolution.

A wider range of media handling for professional documents

- A multipurpose tray that handles a wide range of media, up to 220 gsm (grams per square meter), such as labels, cardstock and envelopes.

Customize your capabilities with Easy-to-use print solutions

Diverse web-connected solutions that raise Productivity

- Samsung XOA Web-enabled printers support an array of server-based, robust solutions designed to meet specific business needs.

Easy Printer Manager

- Optimized for various business environments, the Scan2Cloud feature enables convenient document sharing.

Comfortably sized touchscreen GUI

- A wide 4.3-inch touch panel provides an intelligent and convenient user interface.
- The touch panel gives users quick access to preinstalled solutions and simplifies their use.

Reduce operating expenses with economical features and solutions

Professional eco solution

- Easy Eco Driver enables users to set options to remove unnecessary text or images and also change the layout such as N-up printing without changing the original documents prior to print.
- One Touch Eco Button automatically activates 2-up (two pages on one side of the paper) and duplex printing, toner-save mode and the option to skip blank pages.

More toner options, more choices for cost reduction

- Diverse toner options from 3,000 to 15,000 page yields that meet every businesses' needs for reducing cost per page.
- An integrated toner system contains the imaging unit and toner cartridge in one convenient package. This integrated toner system is the preferred choice for businesses with a heavier printing volume who require a lower CPP and easier maintenance.

Central print usage control to save more resources

- Samsung SyncThru™ Admin solution enables management to assign users to specific devices, and assign predetermined quotas for the number of printed pages or copies by user.
